> ON THE STOCK EXCHANGE. Friday, August 23-p. m.

The foreign exchange market has weakened in the last two days, and though there was no reduction to-day in rates the tone tended toward further ease. It seems probable that an effort is now being made to reduce exchange to the specie point, and well informed observers of the situation predict a point next week at which gold exports cannot be made at a profit. Present rates do not net much gain for the exporters, and to-day's withdrawals, which were smaller than had been expected early in the week, probably reflected the willingness of shippers to send only as much as was absolutely required. The amount taken to-day from the Sub-Treasury for export to-morrow was \$935,000, but an additional amount was secured from other sources, making total exports for to-morrow \$1,100,000. A report that the syndicate had made a large deposit of gold at the Sub-Treasury in Boston for the Government's account was freely circulated, but was found to be incorrect, as the syndicate merely deposited over half a million dollars in Boston subject to transfer payment by the Sub-Treasury in this city to the syndicate. This gold was obtained for the syndicate in Boston and will be used according to the syndicate's requirements. The gold reserve, with to-day's withdrawals deducted, stands only a few thousands above the \$100,000,stands only a few thousands above the \$100,000.000 mark, but this condition of affairs causes no uneasiness and has no effect upon the general situation. It is thought that the gold exporting movement is nearing its end and that commercial houses which have been the heaviest slippers of the metal will not figure to any extent in the market after next week and possibly this.

pers of the metal will not figure to any extent in the market after next week and possibly this.

Gold withdrawals had no influence upon Stock Exchange values, and the day's trading was apparently subject to no conditions outside of the Stock Exchange building. The market was narrow and professional, and the total transactions amounted to only 127,521 shares, of which American Tobacco, Sugar Refining and Burlington furnished the greater part. Sugar Refining and American Tobacco moved with no regularity. A raid was made on the first named in the morning, but it recovered at the close, and the other advanced shortly before 3 o'clock over 2 per cent. closing at a net gain of 24 per cent. With the exception of Burlington, the Grangers were not extensively dealt in, although St. Paul was fairly active and higher. Rock Island and Burlington were fractionally lower. London bought a few stocks in this market, but such purchases were insignificant and were mostly for arbitrage account. Manhattan Railway was down 1 per cent, and Lake Erie and Western issues scored a further advance. The stockholders of the Oregon Railway and Navigation Company have been asked to meet in this city on September 6 to consider a plan for the reorganization of the company which has been prepared by the Reorganization Committee. The plan provides for a new corporation which will issue \$24,500,000 4 per cent fifty-year gold bonds, to be a second mortgage on the property, covered by the present first mortgage and a first mortgage on all the other property of the company. It also provides for an issue of \$11,000,000 4 per cent non-cumulative preferred stock and \$24,000,000 common stock.

This statement reflects conditions prevailing two days ago.

The Sub-Treasury was a debtor at the Clearing House \$416,418. Its net gain on balance was \$4,001,304, made up by a gain in currency of \$5,751,024 and a loss in coin of \$1,739,722. To-day's operations included: Receipts, \$6,824,443; payments, \$2,813,141, resulting in a general balance of \$172,034,244, consisting of \$92,129,391 coin and \$79,906,853 currency. The business for the week ended to-night includes receipts of \$24,507,753 and payments of \$15,399,880. Deducting from the receipts \$11,866,000 and from the payments \$2,364,000 for items which affect only its account with the general Treasury, its loss, as affecting the banks, was \$394,127.

MONEY AND FOREIGN MARKETS.

MONEY AND FOREIGN MARKETS Little was doing in the local money markets. Rates for commercial paper were slightly higher. We subjoin our usual table of rates, made up from information furnished by the busiest houses:

Time Money. Commercial Paper. 1 14 2024 24 3 3404 3404 4405 The market for foreign exchange was unchanged at yesterday's quotations. Little business was doing. Gold exports for to-morrow show a failing off from the amount estimated early in the week, but \$1,100,000 being contracted for, of which \$935,000 was taken from the Sub-Treasury. Hoskier, Wood & Co. will ship \$600,000, Nesslage & Fuller \$100,000, Handy & Harman \$150,000 and Hard & Rard \$250,000. Besides these amounts. Heidelbach, Ickelneimer & Co. will forward to Europe \$1,000,000 gold recently brought here from Cuba. The rates at which business was actually done were as follows:

Sterling 4.50% 4.89 4.90
France 5.15% 6.57% 95 15-16
Guiders 6.57% 95 15-16

The price of domestic exchange was as follows at the places named: Charleston, buying par, selling ½c. premium; New-Orleans, commercial 75 discount, bank 150 premium; Savannah, buying par, selling ½ premium up to \$5,000, 1-10 for \$5,000 and over; San Francisco, sight par, telegraph 5c. per \$100 premium; Chicago, 60c. discount; Boston, 12½c. to 8c. discount.

Bank clearings were as follows at the places named: New-York—Exchanges, \$88,171,168; balances, \$4,982,385. Baltimore—Exchanges, \$1,338,012; balances, \$16,751. Philadelphia—Exchanges, \$10,150,729; balances, \$1,724,508. Boston—Exchanges, \$13,878,923; balances, \$1,780,173.

The price of commercial bar silver in this market was 665%c. nominal, per ounce. Mexican dollars were quoted at 5314. In London the price of bar silver was unchanged at 303%. The Etruria, sailing to-morrow, will take out 410,000 ounces of silver.

Money on call in London was ½ per cent. The rate of discount in the open market was % per cent for short and 11-16 per cent for three months' bills. The amount of buillon which went into the Bank of England on balance to day was \$420,000. British consols were 107% for money and 107 11-16 for account. American stocks were irregular with unimportant changes. French rentes were quoted at 102 francs 35 centimes. Paris exchange on London, 25 francs 27½ centimes; Berlin exchange on London, 20 marks 45½ pfennings. "Dun's Review" for this week has this to say

and the outcome is less clear than speculators on either side are disposed to admit. Industrial troubles have not entirely ceased, but during the past week have become much less threatening. In the Marquette region the closing of mines window glass works foreshadows higher prices, and the carpet workers about Philadelphia. by proposing to accept higher wages after September 16, broke the ranks of employers so that nearly all consented to an advance of 7½ per cent on Thursday. The strikes of clothing workers progress every day toward better wages for the employed."

Messrs. Redmond, Kerr & Co, offer 5,000 shares of Oswego and Syracuse 9 per cent stock, guaranteed by the Delaware, Lackawanna and Western Railroad Company in perpetuity. They state that this is one of the oldest of the Delaware, Lackawanna and Western guaranteed, and it is rarely offered for sale, this being the first lot of any size that has been offered in many years.
